Expanding Futures!

As Operation Fresh Start grows to serve twice as many youth, we look to the community for their time, talent and treasure. Your contribution can make a difference in current and new programming to help us succeed in expanding futures!

Current Programming:

- **Housing** – support youth work building affordable homes in our community. Three crews will be supported by $100,000 in total gifts each year.

- **Conservation** – support youth work restoring and beautifying parks. Three crews will be supported by $80,000 in gifts.

- **Food Security** – Supporting breakfast and lunch for all of our youth through $50,000 in gifts each year.

- **Workforce Cohorts** – Supporting Strive program career specific training for youth ages 18—21 through seminar type instruction in high demand fields of employment. An increase from two to four trainings a year will be realized through $38,000 in gifts each year.

New Programming:

- **Drive for Success**: Four-week training for youth to attain a Driver License, develop a career plan and learn financial literacy for future car ownership. A Driver License is the second most required qualification for employment in Dane County and schools don’t have Driver Education. **Initial program year costs of $86,000**

- **CareerScape Planning**: Drop in and community based services for youth to get mentorship, counsel, and direction in developing and taking the first steps on a career path leading to self-sufficiency. **Initial program year costs of $75,000**

Infrastructure:

- We have moved in and love our new home: but there were a few wish list items that couldn’t be completed with in the initial budget including another education lab, updating older systems and improving technology for students. We can complete all this for $110,000.
